EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Bushnell on 4/26/05.

The application has been amended as follows:

Claim 7, line 6, changed "a signal" to --said signal--.

2. The following is an examiner's statement of reasons for allowance: the prior art of record neither teaches nor suggests all of the claimed subject matter of claim 1 including that the monitor is in the normal mode, said microprocessor cutting off the power supplied from the power supply unit to said signal sensor, said signal driver and said display when it is determined that the monitor is in the power saving mode, said microprocessor permitting power to be resupplied to said signal sensor after a first predetermined time interval during said power saving mode; the prior art of record neither teaches nor suggests all of the claimed subject matter of claim 7 including permitting operational power to be supplied to said signal sensor when it is determined that said monitor is in the normal mode; and intermittently cutting off and resupplying the operational power to a signal sensor, when it is determined that said monitor is in the power saving mode; and the prior art of record neither teaches nor suggests all of the claimed subject matter of claim 10 including a display when it is determined that the
